ALLEGIANT AIRLINES UPDATE

All Members,

Over the past two months I have been working with the technicians that were identified as the "Organizing Committee Members" during the organizing campaign to choose someone to best represent the "Teamster Local 769 Members", (SFB, VPS, TPA, FLL & PDG), at negotiations.

So, there is no confusion, in the May 25, 2018 memo, I updated everyone that it was determined that the negotiating committee member would be chosen from those that were identified as active during the organizing campaign. That they have already displayed that they have what it will take to be in this position.

After finding out which of the Organizing Committee Members were interested in taking on this task, I set up a conference call for all of them to discuss who, from the volunteers, would be best for the position. After a short discussion among the group that was on the call, they decided that SFB technician Brad Yokie would be your Negotiating Committee Representative.

Thank You to all the Committee Members that participated in this process showing, once again, Your leadership and resolve to get things accomplished by making unselfish decisions and do what is best for the membership!

I would like to Congratulate Brad Yokie. I am confident that he will take everyone into consideration and make the correct decisions that will benefit the majority of the Allegiant members!!!

Although we still do not have a confirmed date to begin negotiations, it was important to get this part of the process completed so we will be ready when that date is set, I believe it will be soon and with short notice. I will be looking at my August Schedule and start to set up dates to have Craft Meetings for everyone to attend to discuss many important things you will need to know about being a Teamster Member, Shop Stewards and their responsibilities, the best time to have elections and why, as well as an open discussion and Q&A session.

I do understand and will keep in mind the dynamics of people working different shifts, 24 hours a day, 7 days a week. I will be working with the OC at your stations to set up the best schedule for meetings so the majority of you can attend.

In Solidarity,

Tommy Esposito
