

Tell Congress:

DON'T TAX OUR BENEFITS

The recently introduced American Health Care Act (AHCA) repeals taxes on the wealthy, insurance companies, medical device makers and pharmaceutical companies. The only tax that remains from the Affordable Care Act is the 40% excise tax on high quality health plans that most Teamsters worked hard to earn!

Let Congress know that that this so-called "Cadillac tax" is unfair and unnecessary. **Call (844) 334-7503 right away to demand full repeal of the Cadillac tax!**
